An Autonomous Institution, Affiliated to Madurai Kamaraj University
A Linguistic Minority Co-educational Institution/ Re-accredited with 'A'

Grade by NAAC

PASUMALAI, MADURAI – 625 004

POLICY FOR ENVIRONMENT AND ENERGY USAGE

POLICY FOR ENVIRONMENT AND ENERGY USAGE

The Environment and Energy Usage Policy of Mannar Thirumalai Naicker College is to manage energy in a systematic way so as to minimize its adverse impact on the environment. The policy aims to explore the renewable energy resources to reduce the burden of the Government and to find alternative natural resources as solutions to the energy crisis.

This policy is binding for all the components of the Institution and it applies to all the stakeholders and to various activities undertaken by the Institution. It is expected to embed efficiency and environmental awareness into everyday activities and help everyone to realize our responsibilities and commitment to conserve natural resources and to limit its usage. The **Eco Club**, an official platform devoted to the cause of environmental awareness is to undertake Green Initiatives and to conduct Green Literacy Programmes to save energy and to protect the environment.

Policies:

- To assess energy usage and measure its impact on the environment.

- To reduce local air pollution emissions using environment-friendly vehicles, bicycles, public transportation and use of pedestrian-friendly roads.
- To install LED bulbs on the campus to save energy.
- To develop systematic waste management mechanism.
- To construct rain water harvesting units.
- To undertake Tree Plantation Drive.
- To take additional measures to continuously reduce energy consumption
- To encourage the use of advanced technology to minimize energy consumption, atmospheric emissions and noise particularly from vehicle fleets
- To engage in dialogues with the Government Agencies, Municipal Corporation and the Affiliating University and actively work with the Local Organizations in the areas of environment, energy efficiency and sustainable development
- To ensure the availability of necessary resources to achieve the objectives.
- To monitor and respond to emerging environmental and energy issues.
- To strengthen knowledge of employees and students on environmental in order to improve environmental performance.
- To provide information and training opportunities on energy saving measures
- To offer opportunities for employees and students to engage in initiatives that contribute to environmental protection
- To encourage the staff members and the students through Eco Club to plant trees every year.

- This policy details to be communicated to the students and staff members via internal communication channels and to all the stakeholders on the Institutional Website.
- The objectives and targets of the policy to be reviewed on a regular basis by the **Eco Club** Convener and its members under the guidance of the Principal of the College.
