Brief Report

An Awareness Programme on Fungal Disease was organized by the Department of Microbiology, which was held on 07.10.2021 at the Microbiology Laboratory. Mr. P.V. Gopimanivannan, Head, Department of Food and Dairy Technology, was invited as the Guest. He delivered a speech about CDC and serious illness caused by Fungus. His speech created more awareness about the pathogenic activity of fungus. He enlightened the students about the awareness on fungal diseases which widely causes respiratory infections. A few competitions were conducted to increase knowledge about the fungal infections among students.

FUNGAL DISEASE AWARENESS WEEK

BLACK FUNGUS

About Fungal Diseases

Fungi are everywhere. Sometimes, they are too small to see with the naked eye. Fungi live:

Outdoors, for example, in soil and on plants.

Indoors, on surfaces and in the air.

On people's skin and inside the body.

There are millions of fungal species, but only a few hundred of them can make people sick. Molds, yeasts, and mushrooms are all types of fungi.

Fungi can cause many different types of illnesses, including:

- Asthma or allergies.
- Rashes or infections on the skin and nails
- Lung infections (pneumonia), with symptoms similar to the flu or tuberculosis
- Bloodstream infections
- Meningitis

What is Mucormycosis?

Mucormycosis, commonly known as 'Black Fungus' has been observed in a number of Covid-19 patients recently. A fungal infection mainly affecting people with medical health problems that reduce their ability to fight environmental pathogens.

Types of Mucormycosis

- 1 Cutaneous mucormycosis (skin)
- 2 Rhinocerebral mucormycosis (nose and brain)
- 3 Pulmonary mucormycosis (lung)
- 4 Gastrointestinal mucormycosis
- 5 Disseminated mucormycosis

Watch out for these symptoms before it turns fatal

Pain/redness around eyes/nose

Fever

Headache

Coughing

Shortness of breath

Bloody vomits

Altered mental status

Prevention of black fungus disease

Avoid going to the streets during the monsoon season. If you have to go, wear a face mask and a cap.

Wash your hands and face with soap and water after being outdoors.

Avoid contact with soil, especially in the monsoon season.

TREATMENT FOR MUCORMYCOSIS

Clinical findings and symptoms help in identifying the disease.

CT scan of brain, chest, sinuses and check for drainage

Prevention of infection	Diagnosis	Medical therapy	Surgical therapy	Adjunctive therapy

Resource person	: Trainers from Heartfulness Institute Sri Ram Chandra Mission Madurai
Venue	: Moorthy Naidu Andalammal Seminar Hall
Participants	: 114
Organized by	: PG and Research Department of Commerce

Brief Report

PG and Research Department of Commerce and the Heartfulness Institute have signed an MoU for the welfare of the students to provide them with training to improve their life skills. The students were trained to control their emotions and to improve their relationship with others. The Heartfulness Meditation Session helped the participants in becoming better individuals. The students were highly motivated by this programme and gained knowledge on some of the necessary life skills.

Brief Report

A "Hygienic Awareness Programme" was organized on 14.12.2021 by the Department of Microbiology to create awareness on food hygiene and to educate food handlers at canteen and mess. The undergraduate students of Microbiology presented posters and demonstrated about food hygiene. This programme aimed to inculcate hygienic habits among students in their daily routine.

Dear Sir,

Greetings

Sub : Invitation to act as a Resource person - Guest Lecture - "Vaccine preventable diseases" – Reg

The department of Microbiology has planned to conduct a Guest Lecture on Wednesday, the 16th March, 2022. On this occasion we deem it a great pleasure to invite you as a Resource person to address on "Vaccine preventable diseases". It would be undoubtedly a great opportunity for the students to listen to an enlightened person like you. In this regard, we request you to accept our invitation and solicit your gracious presence to encourage and inspire our learning community. We are looking forward to your positive response.

Thanking you,

Your sincerely

Guest Lecture on 5 Gen Entrepreneurial Experience 25.03.2022

Resource person : Dr.S.V.Surai Sundara Shankar
Managing Partner SVS Food Products Ltd

Participants : 210

Brief Report

Dr.S.V.Suraj Sundara Shankar, Managing Partner, SVS Foods Pvt Ltd shared the challenges faced by 5th generation entrepreneurs in his concern. Problems faced due to generation gap and how they can overcome such things were explained during the session. Next generation entrepreneurs came with new startups like water bottles and e-scooters. He also informed about the sustainability of 60 years family business in recent days.
